DEDICATION PAGE

Dear Mr. Z,

You are not only a teacher, but also a friend and a mentor. In the classroom you provide us with an education that goes way beyond the textbooks. The lessons that you have taught us in the classroom have allowed each of us to broaden our perspectives and think outside of the box. The things we learn when we enter through the classroom doors are things that we will carry with us throughout our entire lives.

As our junior class advisor, you helped each of us develop leadership skills and worked tirelessly with us to make sure we completed each task. You listened to our ideas and opinions, and allowed us to make our own mistakes. This gave each of us the chance to grow and helped us begin to figure out the true meaning of leadership.

The class of 2005 would like to dedicate this yearbook to you as a thank-you for your friendship, guidance, and faith. As we leave MSJ, we will never forget all that you have done for us. We will miss you!

Sincerely,

The Class Of 2005

Dear Seniors,

Let me first say Thank You for the opportunity to know each of you, by name; to have been walking with you when you overcame your failures, and been next to you during your successes and all of your accomplishments. From November to June I will learn much more about each of you and from each of you; so please take my words written now, as inspiration for the future. Our academic programs, and our dynamic athletic and other co-curricular activities challenged you. You passed the grade, you defeated your opponents, and you excelled in your chosen activity. Congratulations, YOU made it!

Use your time well. Be open to new ideas and experiences. Your future is all around you. Choose a course of study that puts you on a path towards a career that works for you. Don't let anyone limit you. Your journey into and out of MSJ began with dreams. Your families, friends, and teachers had dreams for you and accepted the responsibility of making those dreams come true. Then, as you grew and matured, you challenged us to let you go, so that you could dream your own dreams and fulfill the responsibilities that are yours alone. You have the confidence, resilience, energy, and humor to continue to dream and grow throughout your lives. Dreams cause people to struggle, to reach, to innovate, to create, to change. Dreams keep the world moving forward. They spur our growth, causing us to reach higher, run faster, and grow in mind and body. Follow your dreams; never let them die.

Your faith is God's greatest gift to you. Cherish it, nurture it, live it. My prayer for you is that when hardships and sadness come your way, you will lean on Christ to help you overcome them. For this is your true solace. Your faith will mature as you do. Keep open to it, and it will be there for you when you need it. You can't always control what happens in life, but you can always choose how you will react. Believe in yourself... and keep trying! Believe in your God, hold Him close to your heart and call on Him often.

You are all special and unique; what you contribute to this class and to the world nobody else can. Have a passion for life. Be people with integrity; be open and honest with yourself and others. Hold the love of parents, siblings, and family close to your heart, for they are your touchstones.

You have blessed my life these past year two years, Thank You. God bless you, your families, this school, and all those who work so diligently and effectively to carry on the great traditions of Mount St. Joseph Academy. Hopefully, the spiritual and academic opportunities afforded you will assist you in making good decisions for your future endeavors.

You are a blessing and your lives are priceless! Good Luck and enjoy life!

Sincerely,

I had some great times at MSJ, Drama for four years, had fun with that crew. Playing Lacrosse for four years was great, had more fun on the vans than anywhere else. And of course, football for two years, both of them undefeated. I had some great teachers along the way that have taught me lessons that will stay with me for the rest of my life. And for the past two years, I kept it real at Stafford in Mechanical Engineering, making friends over there. And Mike, we're the last of the Stafford kids, we sure had fun, huh? Oh yeah, and thanks to all those who had fun with me along the way, I probably would have been bored without you.

I know I have been a real bugger to you so, I want to give special thanks to Miss Fuller, Mr & Mrs. Wetsler, Dr. Prieser, Mr. Merchant, Mr. McCue, Mr. Spatzer, Mr. Z, Mrs. Chic, Mr. Cirelli, Mr. Stevens, and all of my teachers; thank you very much. Lindsay Pour- In 10 years I will be in England, sharing an apartment with Danielle, owning a pet shop and writing poetry, still holding out on getting a "flip" phone.

Chris Prior- In ten years I see myself listening to Neil Diamond while driving the Escort to Montreal, to go into the hat flipping business with COBO.

Jenn Valach- In ten years I see myself working for the President writing big time newspaper stories, while sending money to Aly in order to support her dream of living all alone on a deserted Island.

Pisces~ February 19- March 20

Angela Champine- In ten years I hope to see myself with a Master's Degree in Music Education and Performance. I will be writing and recording songs while teaching highschool music, hopefully not in Vermont, but atleast somewhere in the North East. I will definitely still be straightedge. Any hopefully by then I will have a significant other, which I will marry, and apopt children with.

Bryant Garrow- "Where I go I just don't know, I might end up somewhere in Mexico. When I find my piece of mind I'm gunna keep it for the end of time/" --RHCP

Aries~ March 21- April 19

Adam Greeno- In ten years I will be in the N.B.A. serving high quality H2O to all the all-stars while getting paid millions to analyze their already perfect shot.

John Kelly- Be of good cheer; I have overcome the world. --John 16:33

Taurus~ April 20- May 20

Mark Gaudreau- I don't know, I'll probably be an underwear model.

Carl Pfadt- In 10 years I'll probably be still in school, or maybe prison. It's okay though, as long as I'm there with friends. Whatever I'm doing, it's gonna have a major impact, that's for sure. But then again, in 10 years, who the hell's gonna be reading this to find out is I was right?

Leo~ July 23- August 22

Matt Graham- In ten years I will either be in New York City on tour after I have finished college. If I'm in NYC, I will be playing any place I can to get discovered. It's a good place to explore your interest in academics and sports. All of the faculty members and students are great. They can be your good friends. I always enjoy being in MSJ. It's a fun place!

Sankyu Kim- Korea
MSJ is a better place to learn ideas than any other school. There are also nice friends and teachers at school.

Wonje Kim "G" - South Korea
MSJ has a great tradition that I enjoy learning. They have very interesting kids here.

Hyung Kyu Lee "Hayden" - Korea
MSJ is pretty much a nice school. There are friendly people and a nice school system. It's nice to be here.

Andres Felipe Loffsner Munoz- Columbia
I think it's a better option for studying english in Vermont. Also I feel very happy in this school because of the people.

Hansol Oh "Janet" - Korea
It's really really fun to go to MSJ. I just love all of the teachers and friends. I just love it.

Joseph P. Park- South Korea
I guess MSJ is OK.

Hyungrae Roh "Rae" - South Korea
It is really easy to get together to do something. People at MSJ are all very funny and cool. I think MSJ always tries to help the community. Project Help was a really good experience for me.

Alberto Suarez- Mexico
This is my first year studying in the US. I'm from Mexico and the schools are very different. MSJ has given me a really good experience and a good impression of the US. I am glad to be part of MSJ.

Ploypisut Vichakornleul- Thailand

DongHwi Seo "Hwi" - South Korea
I had a hard time when I first came to America. Everything was different. However, with the MSJ faculty and my American friend's warm love, I was able to accomplish my goal. It has been a great four years at MSJ. The faculty's willingness to always listen has helped me to adjust.

Satomi Yamamoto- Japan
I think MSJ is a wonderful school. It's safe and I get along with the teachers and students. Students have positive participation in class. It's really different from Japan. People are really friendly. That's why I enjoy my school like at MSJ.

The Bellows Falls Terriers went to the locker room with a 36-28 halftime lead but Mount St. Joseph Academy took the game back with a mammoth third quarter and defeated BF, 70-62.

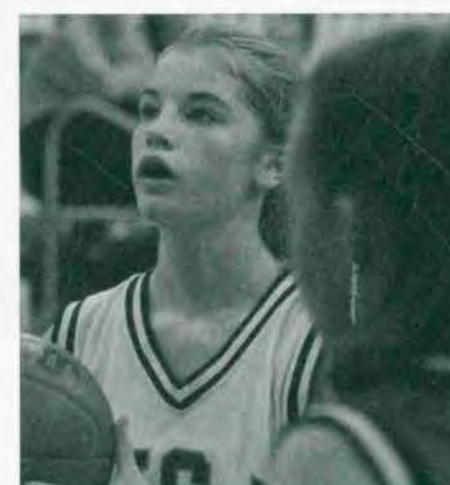

CHUCK CLARINO
 The last time the Burr and Burton Bulldogs and the Mount St. Joseph Mounties met on the ice at the Rutland Regional Fieldhouse, it was a low point in the Mountie season. When the Mounties and the Bulldogs clashed Wednesday, it might have been MSJ's best all-around game of the season. Six different Mounties scored goals, while goalie Corey DeAngelis notched a shutout as the Mounties cruised to a 6-0 victory in a Lake Division boys hockey contest.

At the start of the game against Rutland Thursday night, Mount St. Joseph coach Kim Levins was bemoaning the fact that she has only nine players on the varsity roster. The way the Mounties methodically took apart their cross-town rivals, nine was more than enough.

MSJ ^{4/15/04} breaks through

Staff Report

Josh Provost and Shay Patten had hat tricks as Mount St. Joseph got its first victory as a varsity lacrosse team, 10-1 over Putney Wednesday at Abateil Field.

"They're improving every day and every time you get on the field that's the best way to learn this game," said Mounties coach Gerry Couture, who is working with a mixed boys and girls squad.

While the Mounties do not have enough league and varsity games to participate in tournament play this year, Couture is optimistic for the future.

"We did all right last year as a JV team (7-2). We've got a young team. We're trying to build a

Mounties rally from 4-0 deficit to prevail, 8-5

Fourteen base hits. Four batters with extra-base hits. Ever player with a base hit by the end of the fourth inning. You could say that the Mount St. Joseph softball team is hitting the ball.

The Mounties came back from a 4-0 deficit, rallied for five runs in the fourth and went on to beat Windsor 8-5 in a Marble Valley League C Division softball game at St. Peter's Field on Wednesday.

Caitlin McCormick went 2-for-4 with a double and two RBI, and Amanda Burns was 2-for-3 with a triple, an RBI and three runs to lead the Mounties.

Alex Marcell went 2-for-4 with a double and an RBI, Liz Temple had a two-run base hit, Kait McCarthy doubled, and Kelly Bowse and Mandy Franks two hits apiece as MSJ improved to 5-2.

A green wave

By BOB FREDETTE ^{4/14/04}
Herald Staff

How much progress has the Mount St. Joseph girls tennis team made? Enough to hatch a team conspiracy.

The youthful squad practices at Meadow Street, where it splits time with the MSJ boys team. The girls' practices run from 4:50 to 6 p.m.

When the bell sounds at 6 p.m. at nearby St. Peter's Church, coach Tom Pour knows practice is over.

"The other night the bell started ringing and the kids said, 'Coach, that's the 5:30 bell,'" Pour said. "They didn't want practice to end. It was 6:15 and I was still chasing them off the court."

The Mounties took a beating on the scoreboard last season, but it did not affect their psyche. While they might not chase

anyone off the court in Division I this year, Pour expects them to keep making strides and having fun.

"To my knowledge we're the only Division III-sized school in southern Vermont with a tennis team, and we're playing in Division I," Pour said. "We really don't have high expectations ... the only things we're going out there to do is learn and have a blast. There's no pressure."

While MSJ won only one match in 2003, players like Lindsay Pour and Kristen Louras had some victories at the Nov. 1 and 3 singles. Pour returns at No. 1 and Louras has moved up to No. 2 this year.

"It's remarkable what happened last year," Tom Pour said. **Mount St. Joseph 13, MSJ has 6 Hartford 6**

The Mounties spent half the game catching up and the other pulling away, with an offense that rumbled for 16 hits (six for extra bases).

Adam Greeno had three of them, and MSJ bunched six in a 10-run fourth that overwhelmed a 5-3 deficit. ^{5/20/04}

Kevin O'Rourke won by pitching the first six innings and Curt Shappy finished up.

Hartford jumped up 4-0 in the first, but the Mounties cut it to 4-3 behind an O'Rourke single, back-to-back doubles by Chris Parker and Anthony LaFisca, and a Bobby DeAngelis single.

The Hurricanes made it 5-3 in the fourth, then MSJ exploded for its 10 runs. Josh MacKenzie had an RBI triple, Parker an RBI double and Colin Temple a two-run double to highlight the frame. Every Mountie starter had at least one hit.

MSJ improved to 5-7.

Think if you will what you could
do, If you dreamed a Big Dream
and made it come true. A Dream is
not something you do in your
sleep. A Dream is more like a
promise to keep. A promise you
make to yourself, Yes it's true. A
Dream is a wish you make come
true.

Chris, always follow your
dreams. We believe in you and
are so proud of you!

How could anyone ever tell you
You are less than beautiful?
How could anyone ever tell you
You are less than whole?
How could anyone fail to notice
That your loving is a miracle
How deeply you're connected to my soul.
-Alaskan Song-

"Let yourself be silently drawn by the stronger
pull of what you really love"
-Rumi-

Somewhere over the rainbow
Skies are blue
And the dreams that you dare to dream
Really do come true....Yeah?

To my little Ree-

I hardly know where to begin. You're my little sister, the one I fought with and laughed with and experienced life with, and now you've grown up. You've passed every test thrown your way and I have no doubt that you will successfully overcome all those that lie ahead. You are so beautiful and so smart, and life has great things in store for you I'm sure. You are my sister and you mean the world to me, and no matter where we may find ourselves in the years ahead you are always in my heart. I love you.

Emily,

You brought 18 years of incredible joy and happiness into our lives. You are beautiful on the outside but your inner beauty is even greater. As you move forward in life and live your many dreams we wish you the same joy and happiness you brought us.

Love,
Mom, Dad and Brian

Alyson - You are the most amazing young woman. You are beautiful, intelligent and sensitive young lady. You care deeply about other people, don't ever change that. You are going to do great things in your life. "Be who you are, and say what you want, because those who mind don't matter, and those who matter don't mind." "And if they stare, just let them burn their eyes on you moving, and if they speak, don't let them change a thing that you're doing. Hold your head up, hold your head high." We love you!!

Love, Mom & Dad

Danielle (Pigeon...D)
 It really was only yesterday, it's gone by that fast;
 Karate, dance lessons and girl scouts,
 Cheerleading, basketball, and tennis,
 Science Fairs, Math Camp and Girls State,
 Sleep overs, birthday parties,
 and now,

Your high school graduation!
 You have grown into such a beautiful lady
 Inside and out. We're very proud
 To call you our daughter.
 Congratulations and best wishes to you and the Class of 2005!
 The world awaits you!

All of our love forever, Mom, Dad & Chubs

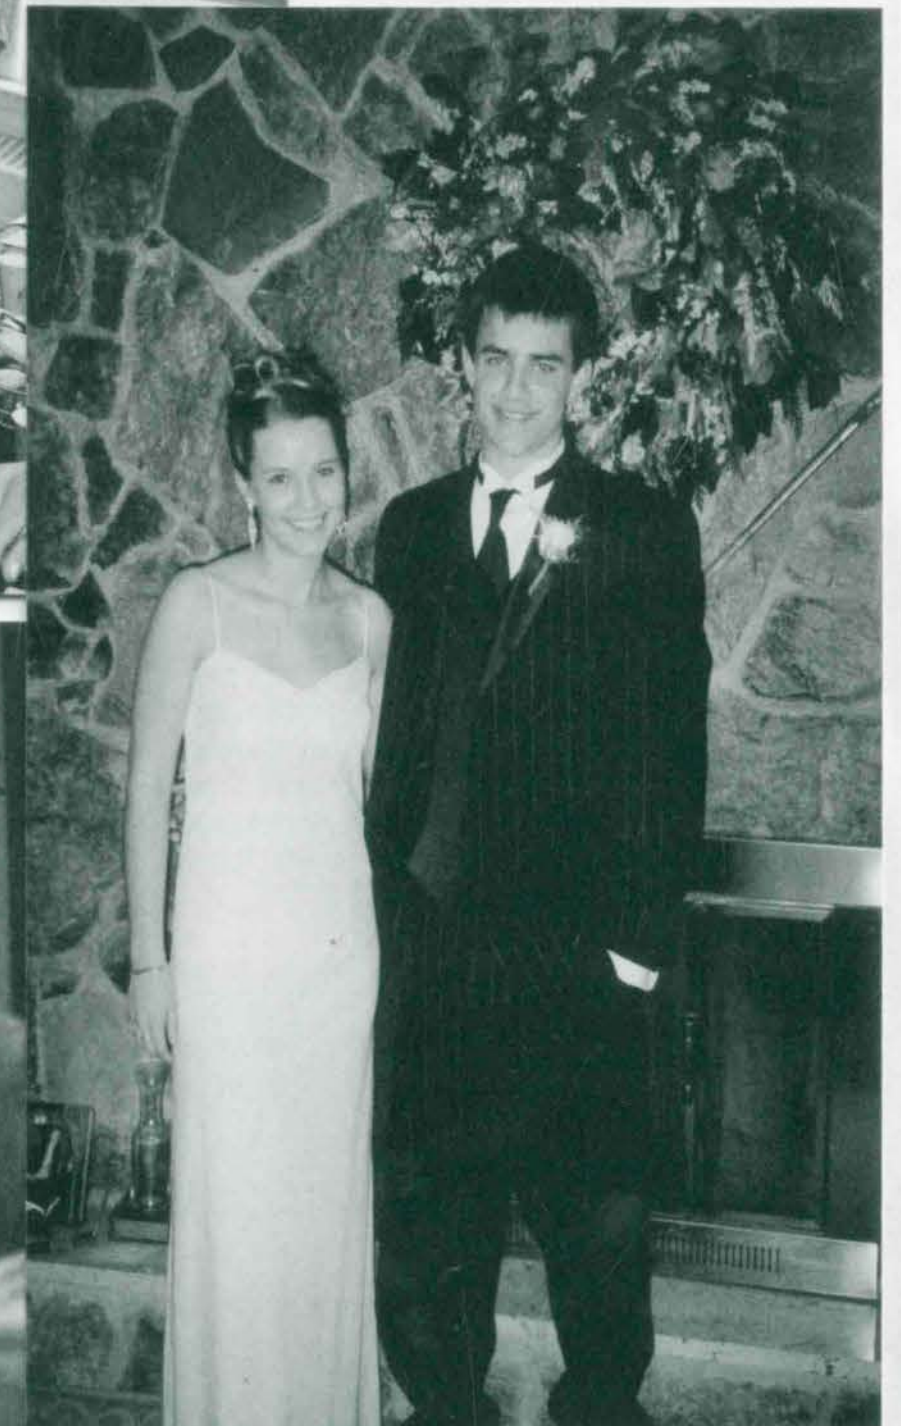

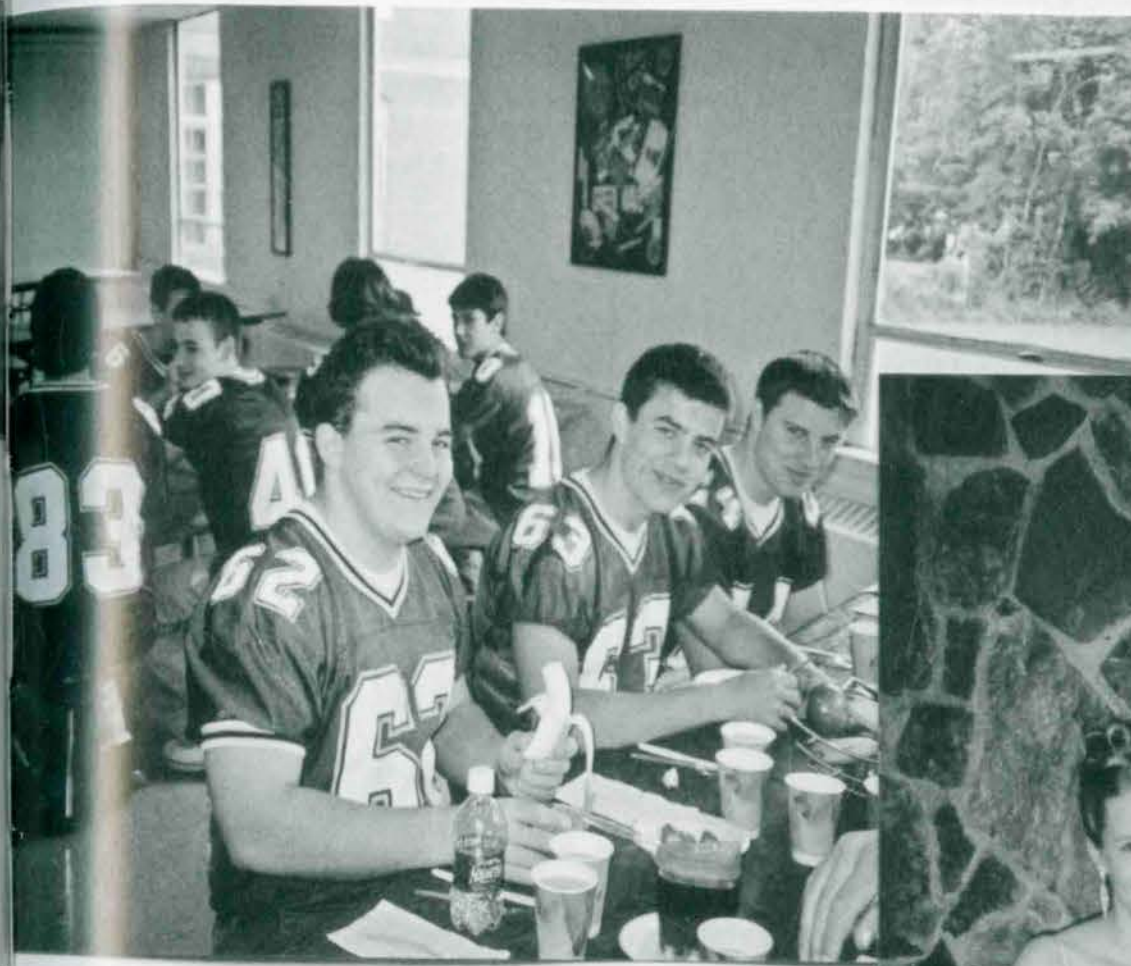

Colin,

Congratulations from Family and Friends.

Love,

Dad, Mom, Erin,
 Cara and Katy.

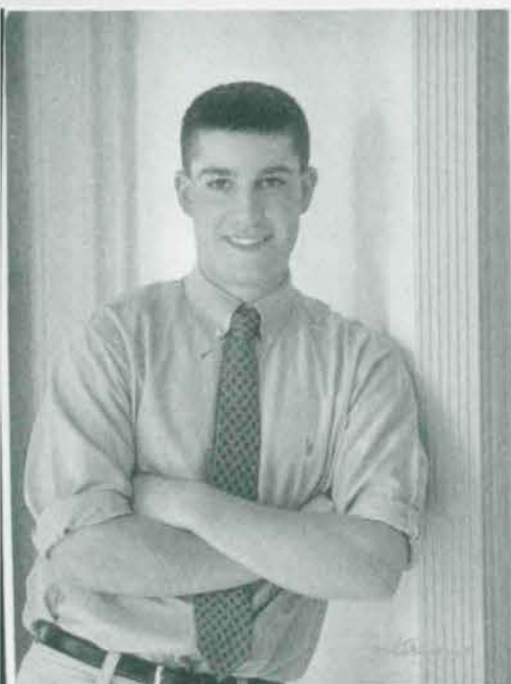

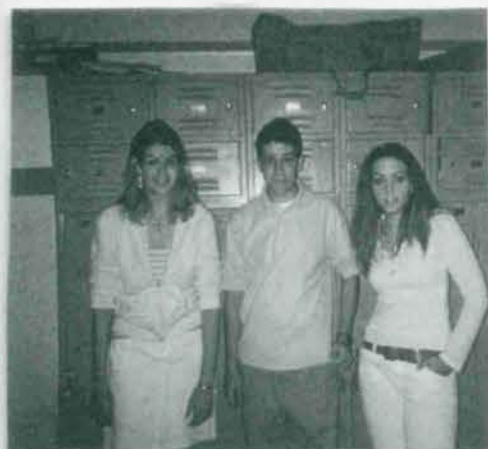

Erin,

The past eighteen years have been such a joy and privilege to us as we watched you grow and learn. The time has now come for you to venture out into the world and use the knowledge you have gained both at home and at school. As you begin this next phase of your life, keep in mind that you have a gift that only you can give – that is the reason you are here. Use your precious energy to build a magnificent life. Remember, the best is yet to come.

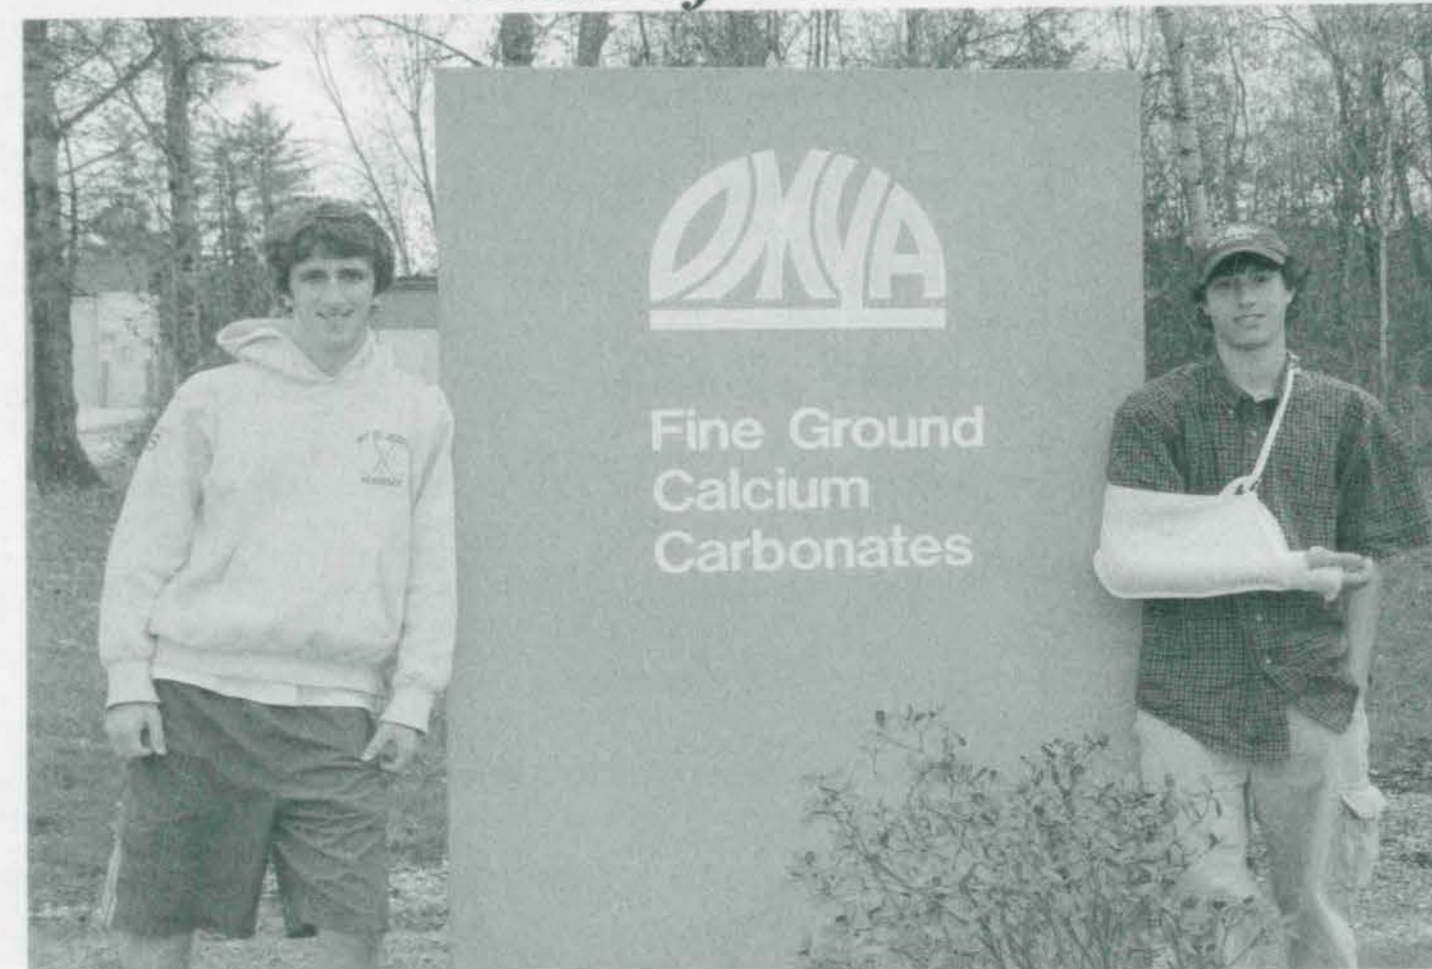

Love always,
Mom and Dad

"I firmly believe that any man's finest hour, the greatest fulfillment of all that he holds dear, is the moment when he has worked his heart out in a good cause and lies exhausted on the field of battle-victorious." –Vince Lombardi

From Joe Palumbo and Family

Here's to you Anthony...

And now the end is near.
And so I face the final curtain.
My friend I'll say it clear.
I'll state my case of which I'm certain.
I've lived a life that's full.
I've traveled each and every highway.
And more, much more than this,
I DID IT MY WAY.
Regrets, I've had a few, but then again,
Too few to mention.
I did what I had to do and saw it through
Without exemption.
I planned each chartered course,
Each careful step along the byway.
And more, much more than this,
I DID IT MY WAY.
Yes, there were times I'm sure you knew
When I bit off more than I could chew.
But through it all when there was doubt,
I ate it up and spit it out.
I faced it all, and I stood tall
And did it MY WAY.
I've loved. I've laughed and cried.
I've had my fill, my share of losing.
And now as tears subside, I find it all
So amusing.
To think I did all that and may I say
Not in a shy way.
Oh no, oh no, not me, I did it MY WAY
For what is a man? What has he got
If not himself then he has not.
To say the things he truly feels and not
The words of one who kneels.
The record shows I took the blows
And did it MY WAY!

F. Sinatra
